Request for Fire Flow Test

Date: _____ Requester's Name: _____

Requester's Organization: _____

Phone: _____ Mobile: _____

Fax: _____ Email: _____

- Please select request: Request HCWA to perform flow test. (See cost below)
 Request HCWA to observe flow test. (See cost below)
 Request previous data only. (No cost. See details below)
 Request 24-hour pressure monitor. (See cost below)

Purpose (type of development): _____

Property address and/or parcel ID#: _____

Nearest intersection to the property: _____

NOTE: It is important that the correct parcel is known in order to accurately perform/observe the fire flow test. Please submit a site plan or map of the property if applicable.

Payment Information

Fire flow test request form must be filled out and submitted with payment for each individual flow test. Check made payable to Henry County Water Authority in the amounts mentioned below are accepted. Payment must be received prior to any action taken toward flow test procedures.

Cost to perform a flow test: \$300.00 Cost to observe a flow test: \$200.00
Cost for 24-hour pressure monitor: \$300.00

NOTE: If current fire flow test information is available, then this data will be distributed to the requester at no charge.

Certified results are typically distributed within three weeks of the receipt of request and payment.

Test Results

(To be completed by HCWA personnel)

	Flow (GPM)	Static (PSI)	Residual (PSI)	Hydrant #	Easting (X)	Northing (Y)
Static FH						
Flow FH						
Flow FH						
Flow FH
